

SHORT TERM AND LONG-TERM PROJECTS

WATER FEASIBILITY STUDY.

East Bloomfield authorized this important and timely study. It was conducted and completed by Chatfield Engineers by JP Schepp & Paul Chatfield. This study maps out the entire town, property by property, with graphics and geographic elevations along with estimated costs per household unit for running water. The town was divided into geographic regions for better understanding. Two areas have begun further study. Those areas are McCann Road and Pond/Rice/Steele, and NYS Route 444. The onset of the Pandemic has delayed progress by more than a year.

VETERANS PARK IMPROVEMENT PROJECTS.

- **Renovation of American Legion Building.**
- **Expansion of parking lot with new paving and striping.**
- **Installation of regulation size full court for basketball.**
- **Erection of new playground.**
- **Improved maintenance to softball and baseball diamonds.**
- **Planted two sets of trees from Cornell university & Northern Nursery.**
- **Development of a walking path.**
- **Installation of new septic system with enlarged capacity.**
- **Increase signage for vehicle parking & dog walkers.**
- **Approve two Eagle Scout Projects for benches & tables.**
- **Upgraded field conditions via Highway Department.**
- **Upgraded maintenance and site improvement via Highway Department.**

- **Landscaped the archway with extensive removal and replacement.**

BOUGHTON PARK IMPROVEMENT PROJECTS.

- Work closely with Boughton Park Commission on a range of issues.
- Recently appointed Christian Culbertson to the BP Commission.
- Established a new work group to study ponds & dams at BP/Victor/W. Bloomfield.
- Increase road signage to prohibit roadside parking as safety & nuisance measure.
- Strengthened our involvement in maintenance /upgrades via Highway Department
- Highway Department built the housing for two new outdoor commodes.
- Invite periodic presentations from BPC president Dave Damaske to Town Board.

OTHER NOTABLE PROJECTS.

- Completion of Whalen Road Water Project.
- Completion of technology audit by Ontario County IT Department.
- Installation of a new telecommunications system as well as new WIFI System.
- Comprehensive redesign of our website, including a functional front page.

EXPANSION OF SUMMER RECREATION PROGRAM. *SPORT CAMPS*

East Bloomfield Summer recreation will now offer an optional afternoon program. It will be called ***SPORTS CAMPS***. It will be offered for three weeks as an afternoon camp for weeks two, three and four of our traditional five- week program. It will run from 12:30pm till 2:30pm, Monday through Thursday. More details will be posted on our website front page. Three sports will be offered, namely, basketball, soccer, and baseball/softball.

RECREATION MASTER PLAN.

The plan was adopted 15 years ago in 2006. The newly formed committee was just recently launched with a broad representation from town, village and school in East Bloomfield.
